

# DAVID MAURY PHOTOGRAPHY

"We first met David when he photographed a wedding I was bridesmaid for and instantly felt at ease with him, loved his style and relaxed nature so when it came to planning my own wedding it was a no brainer! From the very start, David was so professional, helpful, friendly and patient!! He went above and beyond on our wedding day, even to notice that I left the price on my shoes! We had a lot of rain on our day but the photos don't depict this at all. The photos we have show how much fun we had, our favorite images are those that were taken in the evening as we walked the grounds with an umbrella!

David has an amazing eye for a beautiful photo and captures our guests as they are on the day without anything looking staged or awkward which is something I really wanted.

I could not recommend David enough to anyone who is looking for a photographer, he is so talented and extremely professional. He captured moments of our day that are so special to us and also so many beautiful natural photos of us all having fun and enjoying every moment".
